Manuel António Tavares Miranda Turma S12

He was born in 1976 and his nationality is Cape Verdean. He studied in Africa he finished seven months later because in 83 he came to Portugal.

When he came to Portugal he returned to school he makes new friends because he was very sociable and a nice guy with the people who he made friends but in his neighborhood he had problems with some guys because he didn't speak Portuguese very well and that was very boring and stressful sometimes he cried because he was a victim of racial persecution in those days racism was more evident but even that he had friends among white people black people and gypsies too.

In 1981 he finished primary and he attended preparatory school «C+S dos Olivais».

He liked it very much. It was the magic time for him, because he made a lot of friends and he was very famous with school girls, because he practised martial arts, gymnastics, dancing and played music. Because of that he was different from his brothers, maybe because they grew up in a different country.

He started to work at night too, but it wasn't possible to continue because it was very difficult and because of that, he decided to work full time, and now he is beginning a new life at school. He is taking an EFA course in Eça de Queiroz Social Network.

In this moment of his life he grew up because, because he has got a son named Felipe. He has three years old but he lives with his mother, and he is very important for me.
